Dear Mel Nichols,

Attached to this letter you will find a copy of the State Historic Preservation Office's compliance to our expansion proposal of the Ben Avery Shooting Facility Archery Ranges. One of the ranges included in this is the Department's FITA range. Although a large area has been approved for the expansion of the FITA range any construction on this field must be in compliance with the Department's master plan for the facility. There can be no ground disturbance without prior authorization. A Project Approval Form must be completed and submitted to Michael Raum, Range Master at BASF. The Department will then review the request and issue you a formal letter to proceed.

We appreciate your compliance with these terms.

Thank you,

Denise Raum  
Statewide Archery and Bow Hunting Coordinator  
Arizona Game and Fish Department
